Dan Endenburg

Occupation: Individual and Family Therapist
Spouse: Stephanie
Occupation: Real Estate Agent
Children: Daughter Rosie, 27. Grandson Flynn, 3

How are you spending your time these days?

Spending time with family and friends, reading a good book, having a great meal out with my wife, taking the dog to the park, skate-skiing and telemarking, learning new things, re-learning old things. Looking forward to coaching my grandson's soccer team.

What do you think made Bellevue special?

The unofficial mural we made on the outside wall of the building... Jackson Pollack would have been proud.

Something those who knew you in H.S. might not have expected:

I played competitive chess for about 4 years after high school - I don't think many people in school knew that I played the game.

What else should folks know about you?

After graduating, I took a year off to travel. The experience was a life changer as it opened my eyes to the career path I was to choose. Undergrad at Western, grad school at UW earning a MEd with a focus on counseling. Meeting the love of my life and creating our home together. Building a successful therapy practice. Raising Rosie to be a happy, compassionate person.

Betty Johnson Parker

Occupation: Retired School Teacher
Spouse: Al (QA Class of '60)
Occupation: Retired City Light Manager
Children/Grandchildren: Paul 42 (Evan 18), Jan 39 (Jenny & Jason-twins 10)

Highlights from my life:

I enjoy doing art & craft projects (learning to throw pots, gourd art, refinishing antiques, making quilts), gardening, long walks, reading, swimming, travel, time with family and friends. I love laughter and sunshine. My husband and I have been happily married for 45 years, have raised two wonderful children and 3 grandchildren. I was in a career that I loved for 40 years. Now when former students come up to me and tell me that I have made a difference in their lives, I know that my time has been well spent. Mrs. Hanwieler was instrumental as a role model and influenced my decision to become a teacher. She cared so much for her students and truly wanted to see each and everyone succeed. And, she seemed to truly enjoy the art of teaching. I hope was able to inspire at least one child the way she inspired me. We have enjoyed many wonderful trips over the years, my favorite place being Ireland. We still have some places left to visit including Costa Rica and Alaska. A bucket list item that I haven't checked off yet is to see the Northern Lights. Hopefully a trip to Alaska will take care of that! I had my 15 minutes of fame when on one of our trips to California several years ago, we got tickets to the Tonight Show. I was an audience member who was called on stage for a skit involving dancing. Lucky I took all those dance classes when I was a kid!
