Highlights:

Fifty years sounds so long ago, but it doesn't seem like 50 years have passed! Marched out the doors of Sealth to great times at WSU where I met my husband and we started 47 (and counting) years of marriage after our graduations. His career moved us many times within the US, and we were bit by the travel bug. We have been fortunate to be able to travel many (over 30 countries) places outside of the US—makes one appreciate our lifestyle, freedoms, and comforts in our country. We have two children. Our daughter loved travel early on our son valued the long-term settled feeling. She currently lives abroad with her husband and 3 kids. Our son stayed in Western Washington as an adult until his recent move to Arizona. Our frequent moves turned us into DIY'ers before it was trendy. We finally made it back to the NW (twice!), and then moved to Spokane 11 years ago seeking more sunshine. Unfortunately, that also included lots of snow—so now in the process of moving to Arizona. Yes, 112 degrees is HOT! We selected a 55+ community so will have neighbors in the same stage of life wanting to actively enjoy life. We're looking forward to seeing everyone at the reunion. Thanks to the committee for all the time and energy you've put into planning this BIG event!
